This book is the product of a full year of work from all those involved. The photography, organization and laying out of the book was not an easy task, and we thank everyone who helped us and supported us.

We hope you enjoy this yearbook. We also hope that it reminds you of your year here at St. Mary's and that you will find it accurate enough to leaf through frequently.

We dedicate this yearbook to someone who has been a part of our school for twenty-two years. Mrs. Anne Pawlak, our official school secretary, first came to St. Mary's, her own high school, as part of the staff in September of 1959. She has continued here ever since, seeing many changes in the running of the school as well as in the students themselves. This year's graduation class is the last she will see graduate (of the 4,500 graduates she has already seen) as she is retiring in July, 1981.

We thank Mrs. Pawlak for her efforts in the school and her dedication to its staff and students.

The Yearbook Staff

President's Message

The end of term for a student's council calls us to review the past year and evaluate our efforts. Among the normal events which a student council presides over, there were some firsts. Student Council, for the first time, had an equal representation of four students from each grade. This format, we found, was best to serve the wishes of the student body. Student's Council expanded upon the normal duties of a student council to include the sponsorship of a successful Wakeathon. We were all very pleased with its outcome and all persons involved should be proud that St. Mary's did our part to help the less fortunate.

At this point, I would like to thank all the members of Student Council for the superior work they did this year. Mr. MacDonald deserves countless thanks for his guidance, help and hard work he put in to make Student Council run smoothly. Thanks must also extend to all staff members and of course the student body for the cooperation and support we received throughout the year.

My years in high school have been very rewarding but I feel that this year, having the honor to serve you as President, has been the most rewarding, satisfying and enjoyable.

Thank you, and may the Spirit of St. Mary's remain with you always.

Dave Bernatchez

Principal's Message

This year has been designated as the International Year of Disabled Persons. As you browse through this Year Book, and reflect on the many activities in which you have been involved and the goals you have reached or worked towards during the past year, perhaps you might also give some thought to the many people your age who were unable to participate because of a physical or emotional handicap.

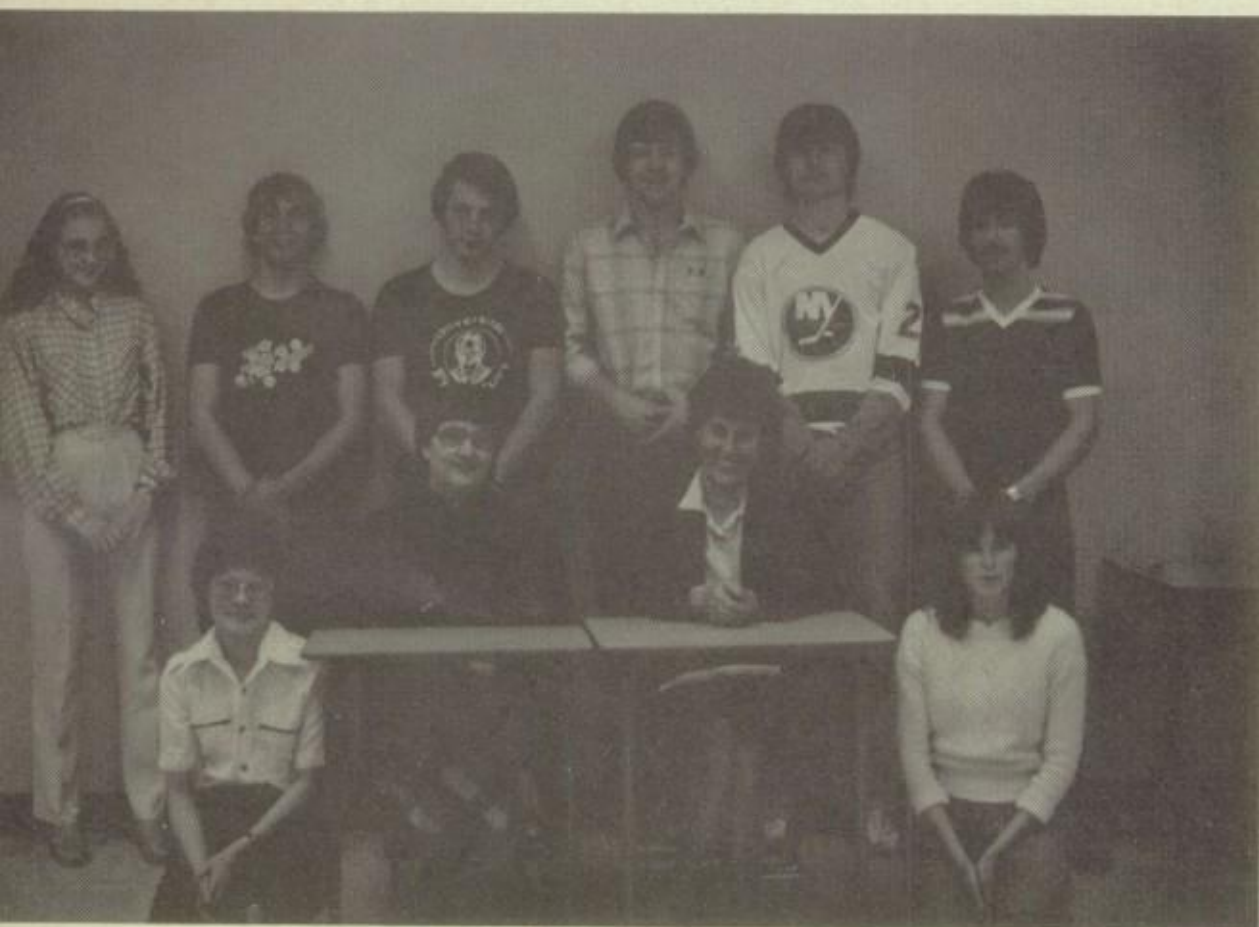

You are indeed fortunate to have been blessed with health and many talents. Hopefully, we at St. Mary's have assisted you to make the most of these gifts.

God Bless all of you!

ACTIVITIES

The man pictured above is no stranger to international fame. He is none other than Ken Taylor, Canada's former Ambassador to Iran, responsible for masterminding the escape of six American hostages from Iran last March.

He has been a busy man since then. On Tuesday, October 14th, while in Calgary in his capacity as the 1980 Honorary Chairman for the United Way, he and his wife took time to visit with 60 of St. Mary's Community School students.

It proved to be a most interesting gathering as the grade 7 - 12 students who had signed up on a first-come, first-served basis were well prepared for the hour spent with Mr. Taylor.

Ann English, the Social Studies Department Head at St. Mary's, organized three briefing sessions,

California, they got some "bad" boys down there. Take care!
By the way if you just happen to jam this year take a picture

miss you one on ones, but we'll just have to make do.

Stay Cool
